# WHY TEACH IN CAMBODIA?

---

Our tropical TEFL adventure is available to both degree & non-degree holders! We are proud to state this program is open to all fluent English speakers too!

A silhouette of a person sitting on the back of an elephant, set against a warm, orange sunset background. The elephant's trunk is curled, and the scene is captured in a natural, outdoor setting.

Cambodia is not your **typical** TEFL location. Our paid internship enables you to teach off the beaten path, make life-changing memories and even work towards a lucrative career.

*We qualify you as an internationally recognised TEFL teacher with our 120 hour online TEFL course. You are then **guaranteed** a 12 month teaching placement, competitive salary, inclusive benefits, 5 day orientation, pre-departure preparation guidance and expert in-country support!*

# WHAT DO I NEED?

- **Be a fluent English speaker**
- **Completed at least 120 hour TEFL course (included with internship)**
- **Aged between 21-40 (exception made on case-by-case basis)**
- **No visible tattoos that can't be covered**
- **In good health and vaccinated**
- **No criminal record**

The teaching internship cuts out the hard-work in working overseas, with our pre-departure and in-country support. Different from a job, this package covers all the guidance and benefits needed to have a life-changing teaching experience, avoiding the mistakes people often make when working internationally.

The “do it yourself reality” can be daunting for people and also leave them vulnerable to schools that may not have their best interests at heart. Be it organising documentation, finding legit positions, academic guidance or settling in – we are here to support you.

LANGUAGE & CULTURE LECTURES

BUDDHIST TEMPLE VISIT

COOKING LESSONS

The importance of gaining an understanding of language, history and culture is imperative to making a success of teaching in Cambodia. This is because many of the issues that one will face when teaching in a foreign country vastly different from their own will be rooted in cultural differences and the language barrier. Cambodia has a colourful but shadowed history that must be seen, learned and shared.

VISIT TO THE KILLING FIELDS  
AND MUSEUM TO LEARN ABOUT  
CAMBODIA'S PAST

OVERCOMING CULTURE SHOCK

TEACHING WORKSHOP

When our teachers are in the country, active-learning cultural excursions of various sites will build their cultural and historical knowledge. The in-country excursions are punctuated by in-class language lessons, designed to establish a basic Khmer language understanding in participants and ultimately help them to make a relatively seamless transition into life in Cambodia.

# F.A.Q

Why would I pay for an internship?

Teaching overseas can come with its risks. You can 'do it yourself' but this can come with mistakes and problems. Purchasing an internship comes with guarantees, ensuring you get what you've paid for but also the security of knowing that you are working with an extremely knowledgeable and supportive team. By paying for an internship you avoid the horror stories, black-listed schools and ensure you have an amazing experience. And you make back what you spent on the programme within your first month!

How long can I go for?

The internship is 12 months long. It could be that you want to extend the internship or use it as a spring board to explore other opportunities in Cambodia. Do it! On top of this, we can help you find future employment in other locations around the world too!

Will there be other teachers?

You will normally be accompanied by other TEFL teachers in your school or schools nearby. But you will also have support inside the school by local Teaching Assistants.

Can I apply with a friend/partner?

Absolutely! Let us know and we can work with our in-country team to get you all placed together
